## National Peace Essay Contest

### FOR YOUNG PEOPLE

Organised by Manav Ekta Mission, India in association with Department of Youth Affairs, Ministry of Youth Affairs and Sports and National Foundation for Communal Harmony (NFCH)

As the world enters the second decade of twenty-first century, it has entered a period of unprecedented crisis. The huge issues of poverty and hunger; ethnic, social and gender inequality; abuses of human rights; unsustainable resources depletion; illiteracy and lack of access to education; woefully inadequate healthcare; and conflicts and wars continue to plague the planet in undiminished ways. Conflict and ecological damage have intensified and have been joined by their entirely unpredictable by-products of terrorism, corruption, globalized crime, HIV/ AIDS and other epidemics of international proportions, erratic weather patterns and growing water shortages. This reflects the enormity of human suffering and bio-ecological damage that are being inflicted daily. We seek answers to the conflicts around us and within us by an inner transformation; by understanding that peace is the only way to a sustainable future and an everlasting happiness. Is there a hope for human fulfillment, happiness, creativity, satisfaction and a harmonious relationship with nature?
